

USING THE BODY'S IMMUNE SYSTEM TO TREAT CANCER.

Tune in to “The Heartbeat” on EBC Radio (1170AM and 104.7FM) at 12:00 noon on March 9, 2019 to learn about new immunotherapy treatments for common cancers. Dr. Phillip D. Reid, MD, hematologist and oncologist for Regional Cancer Care Associates, will explain Immunotherapy uses for your body’s own immune system to fight cancer.
