

# FROM HERE TO ETERNITY: how to die of old age

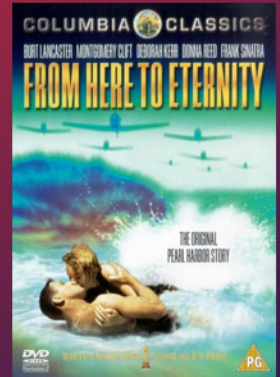

DR. MICHAEL J. NISSENBLATT

**Michael Nissenblatt, MD**

**RCCA**

(Regional Cancer Care Associates)

Clinical Professor,  
Robert Wood Johnson University  
Medical School

**Attend our *FREE* event to learn about the natural aging process,  
what speeds it up, and what can control it.**

Come to this workshop presented by experienced oncologist Michael J. Nissenblatt, MD. Learn more about aging's connection to cancer as well as to other common medical conditions, such as diabetes, arthritis and dementia. Learn the principles involved in aging, and gain insight into how to control the aging process and its influence on quality of life.
