

Is Cancer Due to Bad Genes or Just Bad Luck?

What to think and do when there is cancer in your family

WEDNESDAY, APRIL 6 • 7:00-8:30 PM

Speaker: Michael J. Nissenblatt, MD
of Regional Cancer Care Associates Central Jersey Division

Many of us have one or two loved ones with cancer, but what caused these cancers? An exposure that we can escape? Or our genes which we inherit? This talk is designed to teach us how to recognize the difference and how to use this important information for prevention.

Pre-registration is required for this program. To register, please call (908) 658-5400.
