

Please join us for the third online presentation and discussion in our six-part **Lunch 'n Learn with the Doctors** series:

CANCER DURING COVID: LUNG CANCER

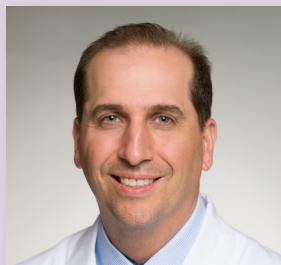

Friday, May 15, 2020
12:00pm to 1:00pm

In this multidisciplinary talk conducted virtually, Drs. Flannery and Nissenblatt will discuss the impact of the coronavirus pandemic on the diagnosis, treatment and management of lung cancer during the COVID-19 pandemic. Topics include:

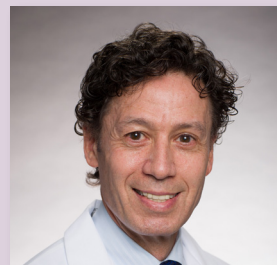

- Diagnosing early and advanced stages of lung cancer
- Determining the goals of care
- Selecting stage-specific treatments
- Discussing novel strategies to maximize safety and achieve the best outcomes
- Addressing how the coronavirus pandemic influences diagnosis, choice of therapy, and outcomes of care
- Choosing between surgery and radiation
- The role of stereotactic body radiation therapy (SBRT) when treating early stage lung cancer
- How SBRT is delivered and its efficacy

To join us for this **Lunch 'n Learn with the Doctors** presentation, all you need is an Internet connection and a smartphone, tablet or computer. But **space is limited**, so register today by visiting <https://ilove.ebpl.org/ebpl-virtual-programs>. Once you register, we'll send you the link and instructions for this presentation and discussion.
