

Please join us for the fourth online presentation and discussion in our six-part **Lunch 'n Learn with the Doctors** series:

CANCER DURING COVID: COLON CANCER

Friday, May 29, 2020

12:00pm to 1:00pm

In this multidisciplinary talk conducted virtually, Drs. Merkel, Maloney Patel, Pepeck and Salwitz will discuss the impact of the coronavirus pandemic on the diagnosis, treatment and management of colon cancer during the COVID-19 pandemic. Topics include:

- Addressing who is at risk
- The connection between polyps and colon cancer
- Determining the goals of care
- Postponing diagnosis during COVID, when early diagnosis saves lives
- Evaluating stages and treatment concepts
- Screening colonoscopy vs. diagnostic colonoscopy
- Choosing between types of surgery
- The role of chemotherapy and new treatments
- The role of radiotherapy for rectal cancer

To join us for this **Lunch 'n Learn with the Doctors** presentation, all you need is an Internet connection and a smartphone, tablet or computer. But *space is limited*, so register today by visiting <https://ilove.ebpl.org/ebpl-virtual-programs>. Once you register, we'll send you the link and instructions for this presentation and discussion.
