

Please join us for the fifth online presentation and discussion in our six-part **Lunch 'n Learn with the Doctors** series:

CANCER DURING COVID: BLOOD CANCERS

Friday, June 5, 2020
12:00pm to 1:00pm

In this multidisciplinary talk conducted virtually, Drs. Lampert and Pancari will discuss the impact of the coronavirus pandemic on the diagnosis, treatment and management of blood cancers during the COVID-19 pandemic. Topics include:

- Diagnosis and management of lymphoma, leukemia and myeloma
- The effect of delayed diagnosis
- Treatment options for blood cancers during COVID-19
- Evaluation and management of noncancerous blood disorders such as low platelets, low white blood cells and anemia
- Safer ways to access care through a medical oncologist and hematologist during COVID-19

To join us for this **Lunch 'n Learn with the Doctors** presentation, all you need is an Internet connection and a smartphone, tablet or computer. But *space is limited*, so register today by visiting <https://ilove.ebpl.org/ebpl-virtual-programs>. Once you register, we'll send you the link and instructions for this presentation and discussion.
