

Please join us for an online presentation and discussion in our **Lunch 'n Learn with the Doctors** series:

## UNDERSTANDING BREAST CANCER

Tuesday, July 14, 2020  
12:00pm to 1:00pm

In this multidisciplinary talk conducted virtually, Drs. Robert Fein and Hiral Patel Fontanilla will conduct a comprehensive review of the diagnosis, treatment and management of breast cancer. Topics include:

- Causes and risk factors
- More on genetics
- Pretreatment evaluation
- Surgical treatment options
- Non-surgical treatment options (chemotherapy, hormone therapy, and biologics)
- An overview of radiation therapy

To join us for this **Lunch 'n Learn with the Doctors** presentation, all you need is an Internet connection and a smartphone, tablet or computer. Go to <https://tinyurl.com/ychwa54g> to reserve your spot. Once you register, we'll send you the link and instructions for this presentation and discussion.
