

Please join us for an online presentation and discussion in our **Lunch 'n Learn with the Doctors** series:

UNDERSTANDING COLORECTAL CANCER

Wednesday, August 26, 2020
12:00pm to 1:00pm

In this multidisciplinary talk conducted virtually, Drs. Sameer P. Desai, Craig Lampert and Joseph Pepek will conduct a comprehensive review of the diagnosis, treatment and management of colorectal cancer. Topics include:

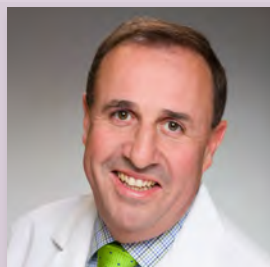

- Screening
- Impact of genetics
- Localized treatments, including surgery and radiation
- Systemic treatments

To join us for this **Lunch 'n Learn with the Doctors** presentation, all you need is an Internet connection and a smartphone, tablet or computer. Go to <https://tinyurl.com/y9tksa9n> to reserve your spot. Once you register, we'll send you the link and instructions for this presentation and discussion.
