

Please join us for an online presentation and discussion in our **Lunch 'n Learn with the Doctors** series:

ALL ABOUT BREAST CANCER

Thursday, November 12, 2020
12:00pm to 1:00pm

In this multidisciplinary talk conducted virtually, Drs. Renee Armour, Aysha Khalid, and Steven Zarny will conduct a comprehensive overview of breast cancer. Topics include:

- Breast cancer prevention
- Understanding types of breast cancer
- Tailored treatment options, including endocrine therapy, chemotherapy, surgery, and radiation therapy
- Role of radiation therapy in young women, as well as women over the age of 70

To join us for this Lunch 'n Learn with the Doctors presentation, all you need is an Internet connection and a smartphone, tablet or computer. Go to <https://www.scotlib.org/event/lunch-n-learn-with-the-doctors-breast-cancer> to reserve your spot. Once you register, we'll send you the link and instructions for this presentation and discussion.
