

Please join us for an online presentation and discussion in our **Lunch 'n Learn with the Doctors** series:

UNDERSTANDING PANCREATIC CANCER

Friday, November 13, 2020
12:00pm to 1:00pm

In this multidisciplinary talk conducted virtually, Drs. Pepek & Salwitz, along with Drs. Broder and Kennedy, will conduct a comprehensive review of the diagnosis, treatment and management of Pancreatic Cancer. Topics include:

- The challenge of early diagnosis and screening – Who is at risk?
- Advances in diagnosis, staging and testing
- Controlling the symptoms
- Steps in therapy and the importance of teamwork:
 - o The role of the gastroenterologist
 - o The role of the surgeon
 - o The role of the radiation oncologist
 - o The role of the oncologist
- Breakthroughs and Research
- How we get to a cure

To join us for this **Lunch 'n Learn with the Doctors** presentation, all you need is an Internet connection and a smartphone, tablet or computer. Go to ebpl.org/calendar to reserve your spot. Once you register, we'll send you the link and instructions for this presentation and discussion.
