

**Astera**  
CANCER CARE

**FRIDAY  
JUNE 11, 2021  
@ 12-1 PM**

Learn more in depth from cancer specialists  
in this new addition to Astera Cancer Classes:

# **SIDE EFFECTS OF CANCER THERAPIES – CHEMOTHERAPY, HORMONAL THERAPY, AND IMMUNOTHERAPY**

A better understanding of cancer-related conditions and how they can be managed is possible. Taught by Astera Cancer Care specialists and other local medical experts, our online presentations address some of the most pertinent areas in cancer treatments and advancements. Discussion topics include:

- Addressing the side effects of
  - Chemotherapy
  - Hormonal Therapy
  - Immunotherapy
- What to look for
- How we can lessen these toxicities

If you or a loved one is affected by cancer in any way, we welcome and encourage your attendance. To register for this online event, go to [rebrand.ly/fein](https://rebrand.ly/fein) and have your smartphone, tablet, or computer handy as well as reliable internet access. Once registered, we'll send you a link with additional instructions. We look forward to your attendance!
