

# ADVANCES IN BREAST CANCER & NEW DEVELOPMENTS IN 2017

Attend our *FREE* event to learn about the latest developments in breast cancer. Plus, discover your risk level and how you can stay healthy.

DR. ELLEN A. RONNEN

Come to this workshop presented by experienced oncologist Ellen A. Ronnen, MD. Learn more about what can put you at risk for breast cancer and healthy lifestyle choices you can make after you have had treatment to help prevent recurrence. Learn about new treatments and how treatments have changed, as well as treatment-related symptoms.

Topics to be discussed include:

- What puts someone at risk for breast cancer?
- How have treatment options changed in 2017?
- Are there better remedies for treatment-related symptoms than in the past?
- Can lifestyle changes help prevent recurrence after treatment?

*Join us for this event during October, breast cancer awareness month.*

Light refreshments  
will be provided!
