Medical Honoree
DR. KATHLEEN C. TOOMEY

"Dr. Toomey has been my oncologist since 1985 when I was diagnosed with breast cancer. She is extremely compassionate, knowledgeable, and makes you feel as if your concerns are very important to her." — S.L.

"Dr. Toomey, the nursing team and the administrative team provided the highest level of competent, compassionate care. I can't thank them enough. I didn't have to worry about anything but getting through my chemo treatments." — L.S.

"I would recommend Dr. Toomey because she is open, friendly and easy to talk to. She is also a good communicator and listener. She has a lot of experience, so she uses wise clinical judgment in making treatment decisions. She explains her decisions carefully to make sure the patient understands." — E.B.
