

Your partner through every phase of family planning, pregnancy and delivery

Deciding to start a family can be one of the most exhilarating experiences of your life, but it can also cause unexpected frustration, worry and anxiety if things don't go exactly as planned. Our board-certified doctors provide full pregnancy care, from conception through delivery and beyond. Our all-female doctors and staff are sensitive to your needs and will help create a personalized pregnancy and birth plan that best fits your personal preferences.

Skilled, specialized care for high-risk pregnancy

In addition to general obstetrical services, the Women's Wellness Center also provides care for high-risk pregnancies right here in Huron, SD. This includes women with pre-existing medical conditions. We specialize in caring for women with an increased risk of complications due to gestational diabetes, advanced gestational age, high blood pressure, thyroid disorders, heart disease, cancer and more.

Innovative prenatal care that enhances support and learning for a healthy pregnancy

We want you to have the best experience possible close to home. We are proud to be the only practice in Huron, SD offering the innovative CenteringPregnancy program. Our new program brings together women (due at about the same time) out of exam rooms and into a comfortable group setting. Throughout the program we focus on nutritional education, breast-feeding information and tips so you'll have all the tools you need once the baby arrives.

Your fertility success story starts here

It is our top priority to give you the best chance of success when it comes to building your family. Our board-certified OB/GYN specialists combine clinical expertise, a long track record of success and compassion to give you the best possible care during your journey to motherhood.

Your first visit to Women's Wellness Center is dedicated to getting to know you better. We want to understand your struggle, your medical history and complete a comprehensive infertility work up. Once we understand why you're not getting pregnant naturally, we'll share in-depth explanations and answers to your questions as well as recommend appropriate treatment and next steps.

Individualized fertility services, designed just for you

Providing help and guidance along your journey to motherhood.

- Fertility evaluations & treatment
- Infertility treatment monitoring
- Patient education & resources for infertility

If you've been trying to conceive for at least 12 consecutive months and are concerned about your fertility, Women's Wellness Center can help. And we're right here in Huron, SD, so you won't need to travel far for access to high-quality, specialized, effective care.

Increasing fertility through balancing osteopathic techniques

Our services extend beyond standard fertility practices. Dr. Castellanos provides in-house osteopathic manipulative treatment (OMT) to help increase joint mobility, improve spinal and soft-tissue health, improve circulation and reduce stress. Her goal is to help your body perform the most natural and normal processes of conception and pregnancy through hands-on osteopathic treatment. OMT is a safe, effective, nonsurgical option that can often complement fertility treatments.
