“I am a wife and mother, so I completely understand the physical and emotional challenges women face every day. It is my life’s work to help women maintain their own health and awareness through empowerment and education. I’m most passionate about getting to know the person—not just the medical history. I believe in looking at, and understanding, the whole person before making a diagnosis or recommending treatment.”

Your partner through every phase of family planning, pregnancy and delivery

Deciding to start a family can be one of the most exhilarating experiences of your life, but it can also cause unexpected frustration, worry and anxiety if things don't go exactly as planned. Our board-certified doctors provide full pregnancy care, from conception through delivery and beyond. We're excited to support you each step of the way on your journey to motherhood. Our all-female doctors and staff are sensitive to your needs and will help create a personalized healthcare and birth plan that best fits your personal preferences.

The skilled, specialized care you depend on for a high-risk pregnancy

In addition to our general obstetrical services, we also provide care for high-risk pregnancies right here in Huron, SD. This includes women with pre-existing medical conditions and multiple births. We specialize in caring for women with an increased risk of complications from gestational diabetes, high blood pressure, thyroid disorders, heart disease, cancer and more.

Innovative prenatal care that enhances support and learning

We want you to have the best experience possible close to home—an experience full of compassion and caring in a family environment. We are proud to be the only practice in Huron offering the innovative CenteringPregnancy program. We bring together women (due at about the same time) out of exam rooms and into a comfortable group setting that is a safe, welcoming space for learning, development and delivery. Throughout the program we focus on nutritional education, breast-feeding information and tips for after the baby arrives. Sometimes, just knowing you're not alone can make all the difference.

Feel safe, comfortable and in good hands with women dedicated to women

At Women's Wellness Center, we are dedicated to your needs and to making sure your experience with us is the best it can be. As women, we are with you, among you and for you.
