CENTERING PREGNANCY

Enhance your pregnancy experience (and outcome) with innovative prenatal care

Research shows that when expecting moms go through their pregnancies together as a group, healthier babies can result. That's why we're proud to be the only provider in Huron to offer the CenteringPregnancy program. In addition to a lot of private time with the doctor, you get to meet new moms, make new friends and get essential information in a comfortable, safe and welcoming group setting. The program focuses on nutritional education, breast-feeding information and tips for after the baby arrives. Sometimes, just knowing you're not alone can make a positive difference.

How Does CP Help Me & My Baby?

OSTEOPATHIC THERAPY

Ease pain, release tension and increase flexibility with specialized therapy

To help ease pain, promote self-healing and increase overall mobility, Dr. Castellanos provides a unique service that goes beyond standard OB/GYN practice. A doctor of osteopathy, she is an expert in osteopathic manipulative treatment (OMT) a safe, effective, nonsurgical option that can often complement, and sometimes replace, medication or surgery for a variety of conditions.
