WHY SPECIALTY OB/GYN?

Get Specialized Care for Your Unique Health Needs

From puberty, to pregnancy and childbirth, to menopause and beyond, Women's Wellness Center provides Huron's only truly specialized (board-certified) OB/GYN care. So that you and your baby can be as healthy as possible, our doctors combine OB/GYN residency training and board-certified expertise with personal understanding and heartfelt compassion.

GYNECOLOGIC CARE

Stay Healthy Through Life's Transitions with Complete GYN Diagnosis and Treatment

Dedicated to improving the health of all women, we offer the full spectrum of gynecologic care. From that first exam during puberty to menopause and beyond, we're here on your behalf with advanced, comprehensive capabilities and services, including:

- Well-Woman exams & preventive care
- Birth control & family planning
- Infertility evaluation & treatment
- Pap smear & other cancer screenings
- Colposcopy & endometrial biopsy
- Hysteroscopy
- Hysterectomy & endometrial ablation
- Urinary incontinence evaluation & treatment
- Minimally invasive surgery & in-office procedures
- Sterilization surgery (tubal ligation)
- Menopause management
- Hormone therapy
- Osteoporosis prevention & treatment
- Treatment of vaginal prolapse
- Relief of sexual discomfort/pain

PREGNANCY CARE

Have a Beautiful, Healthy Baby with the Pregnancy Experts in Your Corner

Whether it's for a "normal" or high-risk pregnancy, let us be your trusted partner through your pregnancy journey. Every pregnancy is as unique, memorable and important as the baby it brings. That's why we're here to reassure you, provide top-quality care and give you the compassionate support you deserve.

At Women's Wellness Center, you can trust that our physicians have the expertise and experience to handle all aspects of obstetrics, including:

- Family planning, pre-conception counseling & prenatal care
- Routine OB visits, including doctor-performed ultrasounds
- CenteringPregnancy program for healthy babies
- Osteopathic treatments for relief of pain and other effects of pregnancy
- Advanced care for high-risk pregnancies
- Labor & delivery
- Lactation services
- Postpartum care, education & support

OUR DOCTORS

Meet Huron's Only Board-Certified Women's Health Specialists

Dr. Sara Castellanos and Dr. Elyse Brock are board-certified obstetrician-gynecologists providing women advanced, individualized and compassionate Women's Health care for a lifetime of good health. Meet Huron's only truly specialized Women's Health doctors.

Sara Castellanos, DO
Obstetrician-Gynecologist

"I am a wife and mother, so I completely understand the physical and emotional challenges women face every day. It is my life's work to help women maintain their own health and awareness through empowerment and education. I'm most passionate about getting to know the person —not just the medical history. I believe in looking at, and understanding, the whole person before making a diagnosis or recommending treatment."

Board-Certified: American Osteopathic Board of Obstetrics & Gynecology

Residency: Obstetrics & Gynecology, Henry Ford Health System Residency Hospital, Michigan State University, Detroit, MI

DO: Kansas City University of Medicine & Biosciences, College of Osteopathic Medicine, Kansas City, MO

MBA: Healthcare Leadership, Rockhurst University, Kansas City, MO

Elyse Brock, MD
Obstetrician-Gynecologist

"For me, OB/GYN has always been more of a calling than a career. I'm fascinated by pregnancy and the process of creating another human life. And the female body has always amazed me. Now, I'm so glad that I get to care for women throughout all stages of their lives. I honestly don't feel like I chose this career. I feel like it chose me at a very young age for reasons that are bigger than me and beyond my understanding."

Board-Certified: American Board of Obstetrics & Gynecology

Residency: Obstetrics & Gynecology, University of Iowa Hospitals and Clinics, Iowa City, IA

MD: University of Minnesota Medical School, Minneapolis, MN
